

Flexo Mounting System

The Ultimate Termination Solution For Flexo Sleeving

Our new patented Flexo Mounting System (FMS) has been created to attractively terminate applications with a secure mountable end. This new Mounting System is engineered to work great with Flexo PET 1 1/2" & 1 3/4", (pg. 4) and with Flexo Clean Cut 1 1/2" (pg. 7).

The installer friendly part clamps securely onto the sleeve without attaching to your wiring for ideal strain relief. The two piece construction removes any limitations in size created by large connectors and preserves the sleeving expandability.

Automotive grade glass filled nylon construction is suitable for a variety of applications.

At the heart of the FMS is the Snap Ring Collar. When used in conjunction with the pressure ring permanently holds the sleeve.

When used in conjunction with the Techflex wall plate, the FMS creates a lasting terminated assembly.
